SKILLS

Technical Skills

- HTML, CSS, JavaScript
- Bootstrap, jQuery
- C, C++, Java
- .NET, SQL
- Flutter, Dart
- MS Word

Professional Skills

- Creativity
- Teamwork
- Communication
- Hard Work

PROJECTS

HemaPredict — Health Analytics Platform

[Live Link: hemapredict.azurewebsites.net](https://hemapredict.azurewebsites.net)

- Built an ML-powered web application for hematological assessment and donor eligibility diagnostics.
- Implemented secure user session management and dynamic blood group compatibility visualization.
- Designed a clean, professional UI optimized for real-time health data analysis.

Blood Bank Network Portal | .NET Core MVC, C#, Azure SQL, Entity Framework, Bootstrap, JS

[Live Link: web-project.azurewebsites.net](https://web-project.azurewebsites.net)

- Built a responsive management portal to coordinate operations between regional blood banks, donors, and hospitals.
- Structured tables to track live blood stock, complete donor profiles, and emergency requests.
- Developed role-based dashboards and automated tracking for patient blood requests (Pending/Approved).

Desktop Banking Application

- Engineered a fully functional, end-to-end desktop software solution built entirely from scratch utilizing Java core fundamentals.
- Designed an intuitive, user-friendly graphical UI layout leveraging JavaFX Scene Builder to maximize interface responsiveness.
- Structured essential financial operations including transaction history, balance tracking, and mock secure validation protocols.

🐙 Additional open-source utilities and academic development repositories are actively hosted on my GitHub profile.

EDUCATION

Graduation: BS Computer Science (Current) | Iqra University

Intermediate: 2023 | MYSA Public School & College

Matriculation: 2020 | MYSA Public School & College
